Ship Book

I have to rate warrior ships from 0/100 - 100/100 so if you have any recommendations, comment and I will add it! Also comment if you disagree with any of my rambles :3

Firestar X Sandstorm

[image]

Okay so they're pretty awesome but.. I don't know... I wish there was more drama and more sparks instead of him saving Sandpaw (at that time) and she starts to fall for him. I don't get that! I wish they had more of a love-hate relationship with Dustpaw (at that time) interfering. But I have to admit, they're an amazing ship.

Firestar X Cinderpelt

[image]

Um... I don't really know. I mean Cinderpelt was the one who told Fireheart Sandstorm loved him. They had interactions, yes, but those interactions weren't anything related to romance. They were serious topics. I just don't see them together.

Firestar X Spottedleaf

[image]

YES! YES! I LOVE THIS SHIP! Even though Spottedleaf was like 60 million years older than him, it's warriors right? Like look at Thornclaw and Blossomfall! Don't blame me! Anyway, Spottedleaf freaking gave her life for Firestar! She's not even in StarClan anymore because she loved Firestar that much! Even though they didn't have many interactions when she was alive, they had *some* sort of bond. So I love this ship❤

Firestar X Graystripe

[image]

I ship them as more of a bromance ship... Not an actual romance ship. But as a bromance ship, I *love* it.
Rate: 100/100 as bromance!

Graystripe X Silverstream

[image]

Oh heck yes! They were *made* for each other! This ship is amazing! I love it!
Rate: 100/100

Graystripe X Millie

[image]

NO. JUST NO. I'M HAPPY YOU CAME BACK BUT NO. I don't like this ship at all! I mean I think it's pretty impressive of how Millie followed Graystripe *all* the way to the Clans... but no. HIM AND SILVERSTREAM WILL LAST FOREVER!!

Squirrelflight X Brambleclaw

[image]

Squirrelflight is one of the biggest ship cats. And here's Brambleclaw. I like this ship. It's decent but I'm not a *huge* fan of it. It's okay I guess. But one thing I *really* liked was the love-hate relationship going on. So yeah! I like it!

Squirrelflight X Ashfur

[image]

Sort of... But Ashfur is kind of... yandere. ((If you anime watchers know what I mean ;D If you don't it means going to the extent of killing somebody for a loved one)) Ashfur is an ashhole and I appreciate his love for Squirrelflight but he just... *grunts like a dying cow in disapproval* This just isn't my favorite ship. This ship is kind of sad though :'(

I FREAKING LOVE GINJANINJAOWO SHE'S AWESOME!

Squirrelflight X Stormfur

[image]

WHYYYYY! Why?? This ship sunk in like the second book of The New Prophecy! I wanted this to happen! This was my first ship with Squirrelflight! BEcause if you think about it... If Squirrelflight became mates with Stormfur, she'd be repeating Graystripe's mistake and Firestar would get mad and stuff like that! More drama! I LOVE this ship until stupid Brook and Brambleclaw came -.-

Sandstorm X Dustpelt

[image]

Forgot to do this earlier. Anyway, this ship sunk a looooooong time ago. If it happened, sure. I would ship it. But um... Ferncloud had like five million kits already... so... yeah. No.
Rate: 33/100

Cloudtail X Brightheart

[image]

We can't forget my baby! So I ship this like crazy! Cloudtail kept telling Brightheart she was beautiful and awwww~ they're so cute! When Bluestar was in puberty mode, and changed Brightheart's name to Lostface, Cloudtail refused to call her that! That's so cute! I love this ship❤
Rate: 100/100

Cloudtail X Daisy

[image] [image]

Don't even... No.... Just no... Daisy is like seven freaking million years older than him and she already had a mate and kits so why would she have a crush on Cloudtail???? She pissed me off when she first joined the Clan and kept clinging onto Cloudtail! That made me so mad!
Rate: 0/100

This is a much more clear explanation!

CrowPAW X Feathertail

[image]

Well, let's keep it Crowpaw because that's what his name was with her. Okay, I guess its kind of cute how he warmed up to her, but... don't even get me started. I don't really like this ship.

Crowfeather X Leafpool

[image]

THIS IS MY FAVORITE FREAKING SHIP IN THE WOOOOORLD! I LOVE THIS SHIP! ITS AMAZING, HAVE NO COMMENT, CROWBAE I LOVE YOU BYE!
Rate: Infinite/100

Crowfeather X Nightcloud

[image]

The picture makes me feel guilty ;-; But I still don't like this ship! It's awful! Crowbae doesn't even love her! And he becomes abusive to Breezepelt!
Rate: 2/100

LionPAW X HeatherPAW

[image]

So... They were apprentices at that time and all they did was play DarkClan. They didn't really have any romantic interactions. So it's not a very good ship, in my opinion.
Rate: 28/100

Lionblaze X Cinderheart

[image]

I guess it's a nice ship but Cinderbeart is kind of dramatic like "You're in a prophecy which means I can't be mates with you!" Um... Take a look at Sandstorm and Firestar. Firestar is like in all the freaking prophecies! Yet Sandstorm just sits there like, "Yu0z my mate is *this* cool." So yeah. It's okay I guess.

Hollyleaf x Fallen Leaves

[image]

Hmm... I'm not sure about this ship... I guess its good. Its not bad or anything but.... Its fine. There's nothing wrong with it but I don't mind it. Its just... not my favorite.
